

CAN YOU HELP?

Did you know? Young people who have committed crime do 'payback' for their offending in the form of community work or direct work to their victims.

Do YOU: Have any ideas as to how you feel young people can make amends either to the community or in some other way?

Do YOU: Have a project in mind? Or know of a charity that could do with some help?

We need your views. Please help us to support communities, and those individual victims of crime whilst giving young people the opportunity to work towards becoming law abiding citizens.

Thank you
Please contact Chris Bunce on 01296 434624 to give us your views.
